N. Weicker announces that he will in future take in hogs every Monday. Top price will be paid.

D. S. Shantz & Co. is furnishing the lumber for the sidewalk under construction in the town.

Mr. and Mrs. W. G. Liesemer are camping at Sylvan Lake for a few days.

Mr. H. McColm of B. C. is visiting his parents Mr. and Mrs. H. McColm, Nanton Street.

For good concrete building blocks call on Milton Moyer at Shantz and Co's. lumber yard.

See Janzen & Wiebe's auction sale ad. on page 3. Sale takes place on Tuesday, Aug. 2nd.

John B. Snyder and wife of Berlin, Ont., arrived here on Monday on a visit to Mr. Snyder's sister, Mrs. E. B. Shantz.

Miss Reinhardt will put in a large stock of Millinery in the fall, two doors north of the Union Bank.

You should use concrete building blocks for that foundation under your house. See Milton Moyer at Shantz & Co's. lumber yard.

Miss Weicker of Acme, was visiting her brother, Norman Weicker over Sunday.

Dr. Lackner has secured as assistant Dr. Simonds, who has had 10 years experience and is prepared to do all kinds of high class work.

The Misses Lynn arrived from Toronto Ont. on Thursday last, to spend a few weeks with their uncle, Mr. C. C. Swalm.

Miss Dow who was formerly in the millinery business in Didsbury has returned to town and will make her home hers in the future. Miss Dow will open up a millinery parlor about November 1st.

Mr. and Mrs. A. F. Stude; and their little son and daughter, Mamie and Cecil left on Monday for Sylvan Lake, west of Red Deer to spend a few weeks camping by the side of the lake.

Mr. and Mrs. F. N. Ballard and daughter Jean and Miss Freen, left on Thursday last for their summer cottage at Sylvan Lake west of Red Deer. Mr. Ballard will take a much needed vacation of four weeks.

Rev. Noah Stauffer, Mrs. Stauffer and daughter Mrs. Jacob Snyder, all of Berlin, Ont., are visiting J. E. Stauffer, M. P. F. Mr. Stauffer came down from the north at the beginning of the week and states that the crops in the Didsbury district, as far as he has seen, are fully equal to those in the north. This is his first visit to Didsbury in 11 years; the last time he was here, there were only two stores in the place and consequently he sees a great change.

Mr. Weickie of the Traders Bank, has been transferred from the Didsbury branch to Beiseker

Mr. Weickie has been with the Traders in Didsbury ever since the branch was opened here, and has made himself very popular in all lines of sport and his presence amongst the young people will be greatly missed.

The Sunday School excursion to Banff on Friday last was well patronised, about 250 people from Didsbury taking advantage of the cheap rates and the train was packed full by the time it reached Calgary. The excursionists reported a good time, arriving home about three on Saturday morning.

O. W. Lavers who was a former principal of the Didsbury school, was one of the examining Board for the recent High School examinations. Mr. Lavers has resigned his position as principal of the Okotoks school and is going to Queens University, Kingston, to take a College course.

The fires are still continuing in the foot-hills. Latest reports state that the whole foothill country and eastern slope of the mountains are all ablaze. Several very valuable timber berths and lumber mills have already been destroyed. Fire Warden McIntyre, with a large force of men from the west country, are out fighting the fire.

On Thursday last, the Didsbury Tennis Club entertained Messrs. Halstead, Patterson, Norton and Terry. Two double sets were played. Mr. Weickel and Rev. E. Heaven winning their games for Didsbury against Messrs. Halstead and Patterson, and Messrs. Norton and Terry evening things up for Carstairs by defeating Messrs. Seale and Cody in the second double set. It is hoped that another court will soon be completed.

Two Englishmen named Gilmore, brothers, were arrested on Friday night last for fighting and disorderly conduct in Didsbury. They came before H. B. Atkins J. P. on Saturday and were fined \$5 and costs each which amounted in all to \$20. The men had been working on one of the C. P. R. gangs, and came to town and got loaded up, which was the cause of all their troubles.

J. B. Detwiler was visiting his three sisters, Mrs. A. Kinzie of Roseville, Ont., Miss Sarah Detwiler, O.D., Guelph, Ont., and Mrs. S. K. High at Crossfield on Sunday. Mrs. Kinzie is now visiting her daughter Mrs. N. B. Snyder, and Mrs. S. Detwiler is on her way to Los Angeles to attend the Osteopath Convention and will take a post-graduate course before returning east.

A man by the name of Poole, of Lacombe, wrote a letter to the Toronto Globe a time ago, in which he stated that crops were a total failure from 60 miles north of Calgary south to the boundary. This man evidently has been mis-informed or else has deliberately stated what is untrue if he has pretended to travel south at all. Didsbury district equals any district of the north, and it is a good deal less than 60 miles north of Calgary. A sample of Alberta Red wheat was brought into our office this week which was grown on Messrs. Bursnell & O'Donnell's farm, about 10 miles west of town, which was 4ft. in height and had good plump heads. Crops all through this district are looking as well as any other year and, while a little more moisture would have done no harm, we have very little to complain of.

The transit in from winter's cold to summer's heat frequently puts a strain upon the system that produces internal complications, always painful and often serious. A common form of disorder is dysentery, to which many are prone in the spring and summer. The very best medicine to use in subduing this painful ailment is Dr. J. D. Kellogg's Dysentery Remedy. It is a standard remedy, sold everywhere.

DINIZULU RELEASED.

Zulu Chief to Be Given a Farm and \$2,500 a Year.

At the first meeting of the South African Union Cabinet, the other day, it was decided to release Dinizulu, the son of the famous Zulu chief Cetewayo.

Dinizulu will be given a farm near Nylstroom, on which he will live with his wives and personal attendants, and enjoy reasonable liberty on an allowance of \$2,500 per annum, subject to good behaviour.

As long ago as 1897 Dinizulu was arrested and tried for high treason and sentenced to death. The sentence was commuted, however, to imprisonment for ten years at St. Helena, where he spent his time in learning English. Zuluism was annexed to Natal, and Dinizulu was released, in 1917. He had been deprived of the position of paramount chief, the colony binding itself to pay him a yearly salary of \$2,500, "not to be withdrawn without the approval of the Secretary of State."

In 1905 and 1906 Natal was in a state of considerable alarm owing to the dispute among the Zulus, a strong expedition finally being sent to quell a serious rising. Dinizulu was arrested and after months in custody was brought up for trial in November, 1905, and sentenced to a year's imprisonment till March of last year, and cost the crown \$50,000. Dinizulu was found guilty of high treason and sentenced to four years' imprisonment.

Czar of the Bulgarians.

Perhaps the most picturesque of the nine monarchs who attended King Edward's funeral was King Ferdinand of Bulgaria. He was really a kinsman of the late monarch, being descended from the grandfather of a half-pay lieutenant of Hussars in the Austrian service when, in 1887, he was elected king of the late monarch. He was really a kinsman of the late monarch, being descended from the grandfather of a half-pay lieutenant of Hussars in the Austrian service when, in 1887, he was elected king of the late monarch.

I could like him because he is unconventional and accomplished. He is fond of botanizing, keen about ornithology, and is a collector of rare books and prints. In his palace at Sofia the things one notices chiefly are his large collection of rare books and prints. In his palace at Sofia the things one notices chiefly are his large collection of rare books and prints.

England's Best All-Round Sportsman.

So Lord Londale, whose name has been much before the public lately in connection with the terrible disaster at the Whitehaven mines, which he owns, has been termed, and there is not much exaggeration in the description, for his lordship rides, shoots, yachting, and boxes, and is an expert slipper of grey hounds. His chief love, perhaps, is for horses. Lord Londale is a sportsman, and has a bet with Lord Shrewsbury that he would drive twenty miles in record time. In spite of his being covered with deep snow, Lord Londale won. The road to be traversed was the one between Beigate and Chesham. His lordship drove a four-hand the first five miles, a pair for another five, and a postilion of a pair for the next five, and made up the twenty by driving a single horse for the last stage, accomplishing the total distance in fifty-five and a half minutes.

Costliest Club In The World.

The home of luxury apply describes the new Royal Automobile Club, in Pall Mall, which will be ready for occupation in January next. The Grecian swimming-bath 90 feet long and 30 feet wide, will, together with the walls, be encased in white marble. Adjoining there are to be found a Turkish bath, a fine gymnasium, and squash racquet courts. From the entrance hall one proceeds to a magnificent vestibule with a glass-covered, domed roof. On one side is the general club-room, a compartment 100 feet by 40 feet. The lounge hall, which is 30 feet high, has a magnificent gallery at one end and a stage at the other. All there will be nine floors. The total cost of the building will be £250,000, and some £30,000 will be spent on furnishing.

Round The World In Eight Days.

An elaborate description of the airship of 1915 is given, and it is believed that within five years such an air-liner will be capable of travelling 75 miles an hour ordinarily, and over 120 miles in the upper levels. Two miles above the Equator a planetary current encircles the globe at tremendous speed. The ascent of the eruption of Krakatoa were carried in this belt for the world in fourteen days. Ten years hence an airship driven fifty miles an hour may perchance make that trip in eight days, flying at a speed of 120 miles an hour, or 3,000 miles a day.

Unanswerable.

Meg and Dorothy were both six, but Meg was a month the older. Recently very serious difficulties arose between the little ladies over an extremely important matter. Meg was really bound to put an end to the unfortunate controversy in these crushing words: "Well, I don't care if your doll is bigger than mine, Dorothy. Brown's is a size larger than you are, anyhow."

Mutual Compliments

At a certain church it is the pleasing custom at a marriage for the clergyman to kiss the bride after the ceremony. A young lady who was about to be married in the church did not relish the prospect and instructed her prospective husband when making arrangements to tell the clergyman that she did not wish him to kiss her.

"Oh, yes."
"And what did he say?"
"He said that that case he would charge only half the usual fee."

First Summer Girl—"That girl from Cincinnati is awfully stout up, isn't she?"
Second Girl—"Yes. She seems to think she's the whole ocean because she wears a married wave."

LIFE A NIGHTMARE

Helpless and Broken Down, Dr. Williams' Pink Pills Came to the Rescue.

There are many who think anaemia is a trouble confined to growing girls and women, but it is not the case. Thousands of men are anaemic, and attribute their growing weakness to mental or physical overwork, or worry, and who do not appear to realize that they are swiftly passing into that condition known as general debility, and that their trouble is due entirely to the fact that their blood is weak and impure. If the trouble is not taken in time, they pass from one stage to another until a breakdown is complete, and often until a cure is beyond hope. To men in all walks of life there is no medicine so valuable as Dr. Williams' Pink Pills. If you feel jaded, weak or worn out these pills will make that rich red blood that puts vim and energy into every portion of the body. Making good blood is the mission of Dr. Williams' Pink Pills and good blood is the one secret of good health and vigorous life. An excellent case in point is that of Mr. R. W. Ellis of Baltimore, Sack's was says: "Just many years ago I was in England, making preparations to fulfil the long cherished ambition of coming to America. My health at that time was normal, though I was not very strong. Three weeks before the time of my departure I was overcome by a feeling of general weakness and faintness which rendered me so inert that I could do but my days were shrouded in gloom. Consultation with a doctor brought me no consolation. Debility was my trouble and I was on the point of a breakdown. 'Canada in your condition means that you are not fit to go, and you have a complete rest.' A rest, however was out of the question; a fortnight's holiday I had and then back to earn my daily bread. The next years were a series of misery and despair, body and brain undermined with a complaint the doctor could only call debility, but apparently could not cure. Switching holidays when I could I struggled on until the opening of 1909, when, completely prostrated, I was compelled to go to my parents and become a burden to them. My life was simply an existence and friends and family behind my back 'consumption.'"

In April, 1909, I began taking Dr. Williams' Pink Pills. Three months later, on July 1st, I sailed from Liverpool for the Dominion for Montreal, and of new life, energy and hope. In this great country I am making good and I owe it all to Dr. Williams' Pink Pills. In three months they changed me from a nervous wreck to a healthy man. When doctors failed they succeeded, and I honestly believe they saved my life.

You can procure this great health giving medicine from any dealer or by mail at 50 cents a box or six boxes for \$2.50 from Dr. J. C. Williams, Medicine Co., Brockville, Ont.

The reverence for the Sabbath in Scotland sometimes takes a form one would hardly have anticipated. To an Englishman once explained to an English tourist:

"They're a God-fearing set of folks here, sir, and they are and I'll give ye an instance of it. Last Sabbath just as the kirk was skalin', there was a driver chasin' a cow along the road, whistlin' and lokin' as happy as if it was the middle of a week. Well, our kirk was a God-fearing set of lads, and they just set upon him and almost killed him."

The All Conquering Scot

Old Scotsman to his son, who has just returned from a business trip to London—Well, lad, and what due ye think o' the English now?

Son—Oh, I didn't have much of a chance to study them. You see, I only had to do with the heads of departments.

Minard's Liniment Cures Diphtheria.

They were having tea on the lawn "How many loaves of sugar?" inquired the hostess.

Two loaves, answered the young man, "and only one cat-purrillar, if you please."—Pittsburg Post.

A Mild Pill for Delicate Women.

The most delicate woman can take a course of Farnell's Vegetable Pills without fear of unpleasant consequences. They are gentle, wholly effective, and are agreeable. No violent pains or purgings follow their use, as thousands of women who have used them can testify. They are, therefore, strongly recommended to women who are more prone to disorders of the digestive organs than men.

While all the towns around us have their associations of business men for the purpose of improving the towns, what is the reason we have not one too? It would cost us practically nothing to meet say once a month and talk over matters. While it might not do much toward booming the town yet we should get better acquainted with one another and with one another's wants and wishes. A community of spirit creates an enthusiasm which is very apt to display itself in some direction. The old saying that everything comes to him who waits, may have been true in the old days, but under the spirit of the present age if a person wants a thing he must go after it, the same with any community. We believe there is enough go-ahead spirit in town to carry such an association through to good results if it were only started; and we also believe that after it was fairly started the good effects would be felt immediately. Perhaps not as some towns have done in getting great branches of industry to settle here but in encouraging what we have, in beautifying and improving the town, and in being ready to embrace opportunities if any should come. An association of this kind, it seems to us, would be pleasant and profitable, even if not much in the way of "boom" came from it. Will not some of the business men make a move in the matter.

Will Fight Next Year

At a convention of the Temperance and Moral Reform League held at Red Deer a few days ago, it was decided that a big local option battle would be fought next spring in the district known as No. 3, which extends from Carstairs in the south to Wetaskiwin in the north, and westward to the mountains and eastward to the boundary. The law now provides that the vote must be by districts and not by small municipalities. No move will be made in the south country.

In the meantime the temperance people are going to press the legislature to enact the legislation asked for last year, which was that power be granted to take the local option vote in single municipalities or groups of municipalities or over the entire province if desired; that the vote be taken at the same time as municipal election and that the \$100 deposit be abolished.

They also ask that a majority vote should carry instead of three-fifths, as at present.

Dobson - McCurrach

A very pretty wedding occurred on Tuesday, July 19th 1910, at Three Hills, when Miss Jeanie McCurrach was united in marriage to Mr. Geo. Dobson of Tragic Plains Farm, Three Hills. The ceremony was performed by Rev. H. G. Goetz.

The young couple who are both well known in this district, received a large number of handsome and useful presents.

Horton - Gibbs

A quiet wedding was celebrated in the English Church on Monday, July 25th, 1910, when Miss E. G. E. Gibbs of London, Eng., was married to Mr. F. W. Horton, formerly of Watford, Eng., now residing in Didsbury.

Bishop Pukham of Calgary performed the wedding ceremony and Mr. and Mrs. Nixon supported the bride and groom. The happy couple will make their home in Didsbury.

Frost & Wood No. 3 Binder does Better Work

Because of the Eccentric Broomer Wheel the No. 3 Binder makes a neater, more tightly compressed bundle and saves considerable time. Discharges the bundle faster, too, than the ordinary binder. Remember, no other binder has the Eccentric Broomer Wheel. Neither is any other binder so light in draft. At all points where there is a possibility of friction occurring the makers of No. 3 Binder have provided Large Roller Bearings. That's why the Frost & Wood No. 3 runs so smoothly and easily—one reason why it gives so many more years of service. Another reason for its great durability is the strong, powerful construction of its base, which we would like to explain to you fully. Drop in at your earliest convenience and talk things over with us. We are confident that the Frost & Wood No. 3 is the binder for you. Give us a chance to prove it.

Canada's Next Cen- sus of Population

The next census of Canada will be taken under the date of June 1st, 1911, and will embrace the subjects of population, mortality, agriculture, manufactures, minerals, fisheries and dairy products. Population will be recorded under the heads of residence and personal description, citizenship, nationality and religion; profession, occupation and trade or means of living; wage earnings and insurance; education and language spoken, and infirmities.

Every person living on June 1st will be entered on the schedule of population by name, as a member of a family institution or household, together with place of habitation, sex, relationship to head of family or household, and whether single, married, widowed, divorced or legally separated. The month of birth, year of birth and age at last birthday will also be recorded.

Entries will be made for each person to show the country or place of birth, year of immigration to Canada if born elsewhere, year of naturalization if formerly an alien, and also racial or tribal origin, nationality and religion. Every person of alien birth who has become a naturalized citizen, is a Canadian by nationality; and every British subject with residence in Canada, as well as every native of Canada who has acquired citizenship by birth or naturalization is also a Canadian by nationality. But there is no Canadian by racial or tribal origin, unless the Indians are so counted.

Every person having an occupation or trade will be entered for it, but if employed in the census year at some other occupation for part or whole time he will be so recorded also. If the person is working on own account the entry will be so made. An entry is also required to be made showing where the person is employed, as on farm, in woollen mill, at foundry shop, in drug store, etc.

Wage-earners are entered to show the number of weeks employed in 1910 at chief occupation or trade; at other than chief occupation if any; the hours of working time per week at chief occupation, or at other occupation if any; the total earnings in 1910 at chief occupation; the total earnings at other than chief occupation; and the rate per hour when employed by the hour.

Entries are required to be made for each person showing the amount of insurance held at date of the census upon life, as well as against accident or sickness, together with the cost of such insurance in the census year.

Under the heading of education and language records will be taken for every person of five years of age and over showing the number of months at school in 1910, and if the person can read and write, and the language commonly spoken by such person. The cost of education in 1910 for persons over 16 years of age at college, Convent or University is also called for.

The last question on the schedule of Population relates to infirmities. It calls for a record of each person having an infirmity. If blind, deaf or dumb, crazy or lunatic, idiotic or silly, a record thereof will be made in the proper column, and the age at which the infirmity appeared is required to be specified.

STOMACH AGONY

Abolish the Cause, and Misery and Distress of Indigestion will Vanish

Can indigestion be cured? Hundreds of thousands of people who suffer from belching of gas; indigestion, sour stomach, flatulency, nausea, shortness of breath, bad taste in the mouth, foul breath, nervousness and other distressing symptoms, are asking themselves that question daily.

And if these same doubting dyspeptics could only read the thousands of sincere letters from people who once suffered as badly as they do now, but who have been cured and permanently cured by the use of Mi-o-na, the mighty dyspeptic remedy that cures by removing the cause, they would go to Chambers this very day and get a large box of Mi-o-na tablets and start themselves on the right road to health at once.

The price of Mi-o-na tablets is only 50 cents and Chambers guarantee them to cure indigestion, or money back. Thin or lean or scrawny people will find in Mi-o-na a maker of flesh and blood, because it causes the stomach to extract more nutritious matter from the food, which quickly enriches the blood.

MI-O-NE

(PROMOTED NIN-O-ME)
CURES CATARRH, ASTHMA, Bronchitis, Croup, Coughs and Colds, or money back. Sold and guaranteed by H. W. CHAMBERS
